# StreetWORKS

---

Over the last 10 years, Maribyrnong City Council's StreetWORKS program has created innovative street art to enliven public spaces and enhance the visual attractiveness and liveability of our City.

The program inspires mutual respect by linking professional artists with property owners and businesses to express our City's local stories, environments, and social or cultural themes.

StreetWORKS allows for the arts to inspire, uplift and connect the entire community.

---

**In 2023, Council received State Government investment to expand the StreetWORKS program within Footscray's central business district.**

The aim was to enliven community spaces, foster creativity, and deter vandalism.

- Liv McCarten
- Madi Mercer
- Abbey Rich & Olana Janfa
- Eric Sesto
- Daniel van de Wiel

This partnership produced ten new artworks, including the light-based public art commission *Welcome to Footscray* by Brook Andrew, and nine bold and colourful new street art murals by:

---

## Welcome to Footscray

---

The Illuminate Footscray commission artistically revives the façade on 88 Hopkins St, Footscray with a light-based public art commission that reflects the spatial synergy and ever-shifting essence of Footscray's community.

Nationally and internationally acclaimed Wiradjuri and Nggunawal artist, and long-time resident of Footscray, Brook Andrew was selected for the commission. His new public artwork titled *Welcome to Footscray* acts as a playful and dynamic gateway into the Footscray central business district.

**"The coloured lights and shapes enhance an optical black and white pattern and act as a metaphor for the cultural and linguistic diversity of this inspiring place.**

**The changing aspects of this work through day and night is a way-finder for locals and newcomers or visitors who love our Footscray."**

– Brook Andrew
